## DEPARTMENT OF CHEMISTRY

### Poster Making Competition on “National Science Day”

**Introduction:** - Science fair is an opportunity for students to apply the scientific method to conduct independent research. The mere purpose of science fairs is to instill scientific attitude in the young generation to make them realize the interdependence of science, technology and society. Science fair provides a platform for the students and teachers where they can learn from each other's experiences and get motivated to design and develop something new and innovative. The main purpose of the science fairs is to encourage the students to take a more active interest in the study of science and conduct and present their independent scientific inquiries and innovations publicly.

On the occasion of “National Science Day”, Department of Chemistry, S. N.Mor College of Arts & Commerce and Smt. G.D. Saraf Science College, Tumsar organized Poster Making Competition for B.Sc. students on 28th February 2025.

**OBJECTIVES:** The main objectives of organizing Poster making Competition are: Promoting interest in Science and Technology among younger generation, encouraging scientific and technological creativity among students. It's inculcating a sense of pride in their talent, problem solving approach and developing appropriate technologies especially for rural areas and integrating and applying scientific ideas in daily life situations its impact on socio-economic and sustainable development of the country.
